

# Math Club

with Ms. Pendleton • open to grades K-3

Math Club is designed to challenge and support students throughout the continuum of math learning. Activities are individualized and the group is kept small to ensure optimal instruction.

*For students who enjoy a challenge:*

We will be exploring complex and thought provoking math problems focusing on logic, perseverance, and grade level math skills.

*For students who are looking for to improve their math understanding:*

We will be developing grade level math skills through a variety of practice and a focus on math flexibility.

Students at varying levels can sign up for either day, due to the individualized instruction. If you have any questions, please email [lpendleton@oldtownacademy.org](mailto:lpendleton@oldtownacademy.org).

**Tuesdays 3:15-4:15**

**6 weeks**

**\$115**

**November 28 - Jan 23**

**skips school vacations and January 2\***
